

About Our Practice

At the Center for Wellness and Pain Care, it is our goal and mission to make you feel your best and pain-free.

We work with each patient on an individual basis and establish the BEST care for you as a whole.

We believe in treating the patient as a whole and not just the pain as an isolate.

Through medically monitored pain management, minimally invasive surgery and several wellness solutions we can help you get out of pain FAST and get you back to living!

Ordering

If we are out of something in the clinic, please notify the front office staff so we can order.

You can also call the clinic to place a pickup order!
